

Marc Lippens
Director of Technology
DAL Global Services (DGS)

As the Director of Technology for DGS, Marc is entrusted with oversight of all Technology systems. DGS is a partially owned subsidiary of Delta Airlines with over 20,000 employees providing key aviation services for 22 National and International Carriers. Prior to coming to his role at DGS, Marc was the Director of Technology Products for Bluechip Athletic Services providing cloud-based SaaS recruiting products for NCAA Division 1 Athletic Programs. He was no stranger to the athletic world having spent 22 years on the sidelines as a college and high school football coach.
